Respect Life Corner: Another Look at Contraception; *Read the full version at usccb.org/contraception.* To some, the Catholic Church's consistent teaching against birth control may seem outdated. Yet with each passing year, evidence of contraception's negative consequences keeps piling up. In the time since birth control first became widely used, science has shown that some contraceptives can cause early abortions; procured abortions and nonmarital births skyrocketed; and women have been subjected to sometimes serious or fatal health issues, as well as what economist George Akerlof calls "the feminization of poverty."* As humans made in God's image, we are called to imitate His generous, sacrificial, life-giving, and eternal love. Through the Church's teaching, He invites us to a fuller, richer, deeper way of life and love.

Parish needs financial help from all our parishioners. Currently the Church general fund was short in making the budget goal at the end of the fiscal year on June 30. There are also several building and maintenance problems being addressed this summer or shortly thereafter.

Building Fund:

- Replacing the parish center boiler (installed 1964) with new energy efficient model. The new boiler is being installed.
- Replacing three entry doors to the Church
- Replacing gym lighting with LED has been approved by IMEA and will be completed very soon.
- Repair and replace interior plaster of Church once outside waterproofing and doors are completed.
- Additional security cameras for the school are being discussed.

A reminder to parents of Mater Dei & ASA to make a weekly contribution of at least \$15.00 per week.
